

I've honestly never written anything like this, so please bear with me. Also, I am specifically including Hedgey's name because the reason for me typing this document is to warn other vtubers, streamers, and communities before this happens to them too, because I certainly wasn't the first to experience this. Please do not threaten, harass, or send hate to Hedgey like he has done to me. Just simply block him and remove him from your life if you want to take any action at all. He is not worth the time, nor the effort, as he constantly argues on twitter anyways to instigate drama.

For those who would like the specific claims I am making, I will be separating the document into two parts. 1, my direct response to the twitlonger he wrote. And 2, past aliases and proving that I am NOT the first.

I know you're not usually supposed to respond or even acknowledge these types of hate, but Hedgey has been DMing my friends and everyone close to me, spreading lies and other hateful things about me, to which my mod and friend Jobara sent to me immediately.

GoodDoggu A.K.A Omori Tae, @DogguVT

To open this up i want to start this off by saying i did NOT want to make this, i was very against making a huge deal out of this however since i called out Doggu initially i have been banned from multiple vtuber communities including Kaori Lupine (the only one im sad abt tbh).

They knew that if they made a huge deal out of this i would have to do this. So they asked for it. Fuck it. I am not trying to be drama centered but i am genuinely sick and tired of being taken advantage of, i am emotional rn so i will try my best to break it down bit by bit.

So today i am writing a twit longer to expose and call out GoodDoggu for the following things:

### Donation Baiting

Manipulating Viewers with parasocial relationship expectations

Insulting viewers behind their backs to other content creators

Supporting art theft

Taking Dono money that was towards a goal and using it on something else (lying about what the money was going towards)

I will start off with how i know gooddoggu and my relationship with them in a very brief way.

So i stumbled across doggus stream some time in late 2021 like december time, while getting back into twitch and seeing the new vtuber craze. I dropped a follow instantly because her personality was bright and cheerful and she welcomed me in instantly. I genuinely used to enjoy her streams and found her entertaining. However i had to leave her community for a few reasons and when i came back i started to notice alot of things that i didnt before. I then was informed by a now Ex-Friend who i will not name out of respect, that doggu had dmd them complaining and warning about me attacking doggus stream and threatening chargebacks. Neither of those were true. Someone attacked doggus stream and i informed mods of it before hand as the attacker was a friends with a close friend of mine so i was made aware. She accused me of being the attacker despite me warning her about it and trying to prevent it.

The chargeback claim is caused by the fact that i donod some money to her and she told me if i chargeback i get banned (reasonable rule to be fair) and i said i wont do that. I then saw alot of streamers getting fake donos around mid way 2022 and getting chargebacked and losing access to paypal accounts, so i warned doggu about this and she took that as me threatening her or warning her i will charge back my donations. After all this i dmd her calling her out on the shit im about to list below, she then contacted kaori and got me removed from the discord and exiled from the community, doggu is known for petty shit like that. i said to doggu if she blew this up instead of just accepting that i called her out, i would have to escalate this, so here i am now.

now onto the claims i am making.

Donation Fishing: This is a bit of a difficult one to neccesarily "prove" per-say but doggu has a reputation of saying to not donate and then doing a very extreme reaction when someone does donate which in turn, encourages others to donate to get that same reaction, some people even donate massive amounts of money for special discord roles and special treatment aswell as the ability to somewhat bypass rules. She will constantly use reverse psychology to trick people into donating money, just watch any of her vods, 95 percent of what comes out of her mouth is "plz dont donate, ill get grumpy heheh lol" or something along those lines.

Manipulating Viewers: This one is extremely self explanatory and ties in partially to the previous point. Doggu has been well known to force parasocial relationships with things like "dates with doggu" and "picnic dates" and constant little things here and there to fuel viewers into thinking they actually have a chance, causing them to donate more money over time. I was a victim of this too as i was genuinely thinking she wanted to be my friend and coughed up well over £500 in gift subs and donations and bits. She would say that we can hang out sometime and we even arranged a time and day with the mods, but obsvs that never happened. She has done this to other people who i cannot share images of as they requested i do not. They fear if i share the information then they will be at risk of suffering similar chain bans like i currently am.

Insulting Viewers behind their backs: This happened in a vc with ryulili so i have no visual evidence however i was told by ryulili before we parted ways that doggu was "warning" her that i am a potential scammer, obsessed with causing drama, harassing people who raid her, and being disruptive. This information was what led to me even calling her out in the first place in her dms. I had some dms with lili talking about similar matters however i will attach an image showing that lily has since deleted our entire dm history from when we met around the same time as i met doggu.

<https://cdn.discordapp.com/attachments/1034437577173893120/1069167791787229334/image.png>

She purged our entire dm history so i am unable to show anything which really fucks with the legitimacy of this.

<https://cdn.discordapp.com/attachments/915443877341724732/1069126096030801990/image.png> She said this to me in dms however, but goes to lillys dms and says the opposite? 2 face much.

Supporting art theft: Now this one is a doozy, so remember the saruei drama from a while ago? where she hosted an art competition then stole loads of art and blocked loads of ppl (including me) over it? yeah well when saruei raided doggu i voiced my discomfort and this was doggus reply to me saying saruei is an art thief and should not be supported. <https://media.discordapp.net/attachments/915443877341724732/1069124896573100112/image.png> This was absolutely disgusting and insulting asf, especially as my partner is an artist herself and i know the effort artists go through.

Taking donos for false use: So this is the final thing i will call her out on today. So she had a massive dono goal to fund her models rigging, she hit the goal, then rigged the model herself and kept the money to line her own pockets, hence why her new models rigging is appalling.  
<https://media.discordapp.net/attachments/1034437577173893120/1069169216651014154/image.png?width=857&height=676> This image shows her model was rigged by her (just check her twitch youll see it)  
<https://cdn.discordapp.com/attachments/1034437577173893120/1069170490322727002/image.png> also her saying donations go towards improving the stream but the amount of money she gets is not reflected, unfortunately i do not have access to a vod. I had proof of convo with ryulili however she has deleted ALL her dms so its impossible for that. I will be contacting other people however for a long time she was raising funds for her new models rigging, but did it herself anyways so where did all that money go? thats the issue.

TLDR Doggu is a lying manipulative person who is two faced and farms parasocial interactions for easy donations to line her own pockets, despite having a lower viewercount than you might expect she is in the top 0.7 percent of earners on twitch thru donations, subs and bits. Its crazy that the stats just speak for themselves. <https://twitchtracker.com/gooddoggu>

I know this doesnt technically count as evidence however illis deleted dms do not remove the convo we had on my end <https://media.discordapp.net/attachments/1034437577173893120/1069175251377860639/image.png?width=1204&height=676> She dmd me saying doggu rigged her own model and then we both flipped our shit, obvs her replies are deleted but you can gather what she said based on my replies.

This is my twitlonger, i only made this as doggu is spreading lies about me which wouldnt be the first time she has done that. And i have lost some good communities because of it. Feel free to reply to this asking any questions ill be more than happy to try and answer!

Stay safe everyone and remember, be careful, alotta parasocial assholes around lately.

Let's get into it.

It all started last night, January 29th 2023 around 12 am when Hedgey joined my discord, proceeded to send me a GIGANTIC message about how I was the most vile person he's ever met and about more of the things I will discuss, and then leave so I couldn't DM him back. I thought he might have sent it to the wrong person, because moments later he deleted it. But then he proceeded to keep messaging me, to which I have screenshots.

FluffyHedgey Today at 00:33

No lily didnt incite anything its just facts

your toxic, dono baiting, horrible, i havent threatened you, ive called you out

stop being salty and petty

you fake vtuber who steals money

your awful and toxic and harmful to the communities. And the fact people dont realize it is shocking

you are absolutely the worst

lying to others abt me to make me look bad, constantly stealing from ppl saying "dont dono" then robbing them and lying about what the money goes towards

just.... stop it all ffs

im sick of it.

supporting saruei after what she did is gross asf too. Sorry but you are genuinely just as bad as a drama tuber

goodbye

and if you try to cause issues for any more of my friends then ill make sure to inform ppl of what you really are AND YES MY MESSAGE WAS HATEFILLED BECAUSE I TRUSTED AND CONFIDED IN YOU AND YOU JUST WENT BEHIND MY BACK TALKING SHIT TO MULTIPLE PEOPLE WHO SPREAD THE WORD EVEN FURTHER. literally you are the reason for all this negative shit thats happened. oh also ima say it, all the stuff i said, i have been told by plenty of other ppl they see it the same way so its not just me being hateful, its alot of people. (edited)

GoodDoggu Today at 00:48

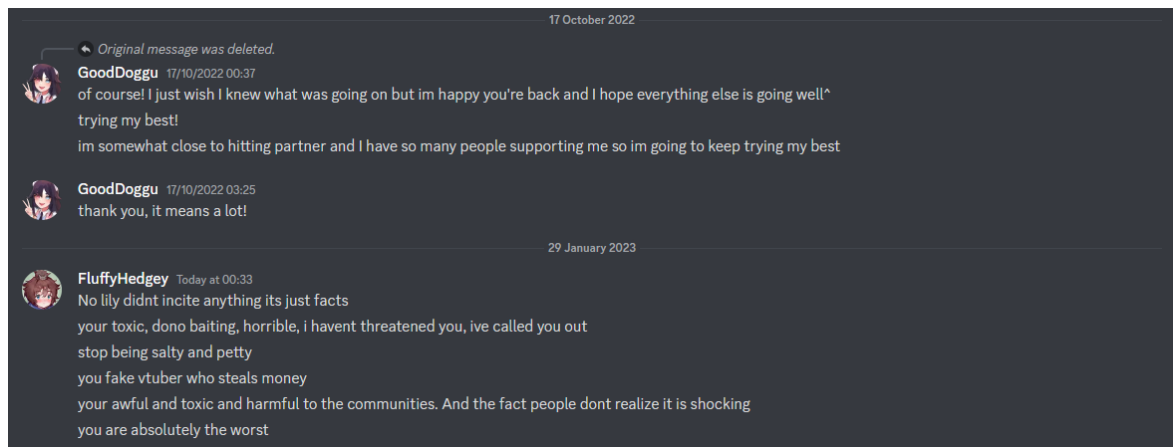

why did you delete your first message?

Clyde  Today at 00:48

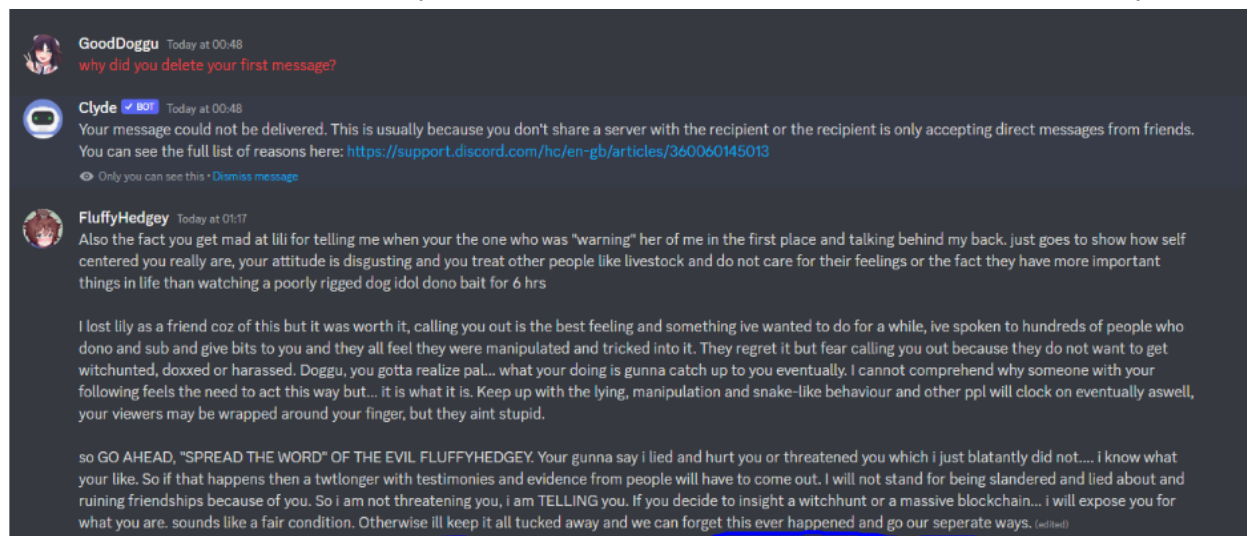

Your message could not be delivered. This is usually because you don't share a server with the recipient or the recipient is only accepting direct messages from friends. You can see the full list of reasons here: <https://support.discord.com/hc/en-gb/articles/360060145013>

 Only you can see this • [Dismiss message](#)

Also it may seem like I responded to him above, but I literally sent no message above that. The one above that was his gigantic message which he deleted.

And then the harassment continues below the message I couldn't send, where Hedgey proceeds to threaten me and say that if I speak out on it, he'll "expose me for what I truly am."

Even though... in his twitlonger he states that I FORCED him to do it, and that I made a big deal about it. For future reference, ANYONE would "make a big deal" out of being threatened. I only DMed one of my best friends, Kaori Lupine to warn her because Hedgey was actively making threats and he was still in her discord community server. Kaori's mod team instantly banned him, which is what "forced his hand" I guess. Even though, not ONCE have I made any of this public information. The only two people EVER I told about this incident was another streamer friend who he is closely acquainted and Kaori Lupine, both in private DMs because I didnt want to cause drama and embarrass Hedgey. I prefer to talk things out in dms and see if we can come to an agreement without involving the community, but sadly Hedgey resorted to taking it out on twitter. Something you should never do.

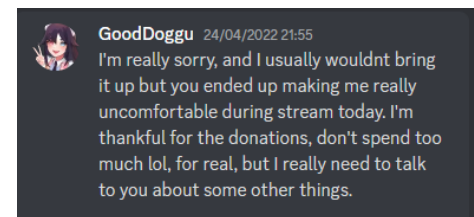

They knew that if they made a huge deal out of this i would have to do this. So they asked for it. Fuck it. I am not trying to be drama centered but i am genuinely sick and tired of being taken advantage of, i am emotional rn so i will try my best to break it down bit by bit.

So now, let's break down some of Hedgey's points in the twitlonger itself.

## Pt. 1: Donation baiting:

Donation Fishing: This is a bit of a difficult one to necessarily "prove" per-say but doggu has a reputation of saying to not donate and then doing a very extreme reaction when someone does donate which in turn, encourages others to donate to get that same reaction, some people even donate massive amounts of money for special discord roles and special treatment aswell as the ability to somewhat bypass rules. She will constantly use reverse psychology to trick people into donating money, just watch any of her vods, 95 percent of what comes out of her mouth is "plz dont donate, ill get grumpy heheh lol" or something along those lines.

Per Hedgey's twitlonger, he claims that I donation bait. Anyone who has taken a SINGLE glance at my streams KNOWS that I do not. I have constantly talked on stream about how I feel guilty when people donate large amounts of money to me. I EVEN DISCUSSED IT WITH HIM IN DMS! I have even discussed this with several of my community members in dms as well, and it all leads down to the fact that I'm not good at accepting gifts. I've always been awkward in doing so, so when someone gifts in really large amounts, I will YELL AT THEM. There are tons of clips of me doing so, and that is actually what a lot of people know me for. Regarding the "other things" I needed to talk about in this screenshot, it will be discussed in one of Hedgey's other points.

## Pt. 1: Manipulating Viewers:

Manipulating Viewers: This one is extremely self explanatory and ties in partially to the previous point. Doggu has been well known to force parasocial relationships with things like "dates with doggu" and "picnic dates" and constant little things here and there to fuel viewers into thinking they actually have a chance, causing them to donate more money over time. I was a victim of this too as i was genuinely thinking she wanted to be my friend and coughed up well over £500 in gift subs and donations and bits. She would say that we can hang out sometime and we even arranged a time and day with the mods, but obvs that never happened. She has done this to other people who i cannot share images of as they requested i do not. They fear if i share the information then they will be at risk of suffering similar chain bans like i currently am.

First of all, I found this one incredibly funny. There is not ONE single VOD or stream of a date with me. I am extremely uncomfortable with parasocial relationships and I CRINGE at this idea. First of all, I've only ever done ONE just chatting stream, and it was after my debut where my

mods and community came together to make a kudo board and I proceeded to sob for the next 3-4 hours from all of the sweet messages. Here's the Kudoboard if you wanna take a look!

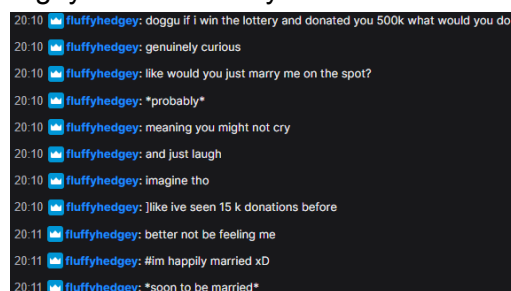

<https://www.kudoboard.com/boards/GXOCiyRc>

The password is: DoggusToeBeans ... to which I proceeded to yell at my mods for making that the password, but then we all had a good laugh LOL.

Here's a link to the vod as well: <https://www.youtube.com/watch?v=pA78u1w5gfQ&t=69s> where it says, MY FIRST EVER JUST CHATTING! And if you'd like even more proof, you can check twitch tracker and I have never done any other Just chatting or ASMR streams.

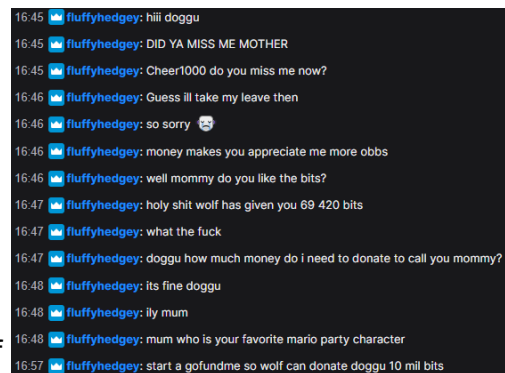

Whenever someone flirts with me, I instantly shut it down. Except for when it's a really good pickup line, but then I usually just say "woooow that's a really good pickup line" and make a funny joke. But speaking of these parasocial relationships, let's see how Hedgey behaves in my chat with some screenshots of him making me extremely uncomfortable.

Screenshot 1: Hedgey asked me if I would marry him, to which I said I was a seiso idol and I would NOT marry him, but he kept going on with the idea that he would, as well as insinuating that I would only marry him if he donated and extremely large amount of money.

20:10 fluffyhedgey: doggu if i win the lottery and donated you 500k what would you do  
20:10 fluffyhedgey: genuinely curious  
20:10 fluffyhedgey: like would you just marry me on the spot?  
20:10 fluffyhedgey: "probably"  
20:10 fluffyhedgey: meaning you might not cry  
20:10 fluffyhedgey: and just laugh  
20:10 fluffyhedgey: imagine tho  
20:10 fluffyhedgey: i like ive seen 15 k donations before  
20:11 fluffyhedgey: better not be feeling me  
20:11 fluffyhedgey: #im happily married xD  
20:11 fluffyhedgey: \*soon to be married\*

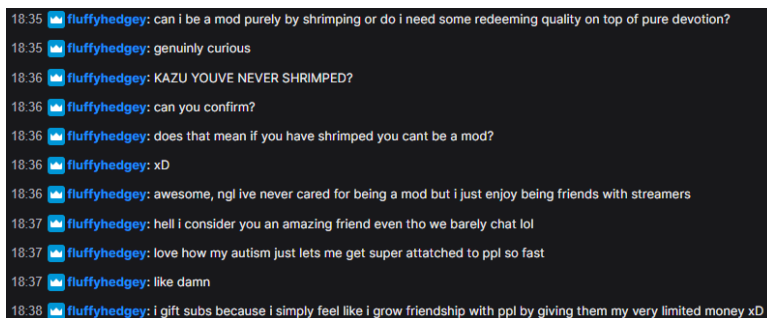

Screenshot 2: calling me mommy or mother. Hedgey donated 1k bits and proceeded to call me mother. I immediately shut him down and told him not to call me that, which is why he said " I'll take my leave then. 😭" Then, not moments later, he AGAIN insinuates, even after me ALREADY stating that I don't care about the money, that I would only pay attention to him if he donated a lot of money. He even THEN proceeds to call out one of my community members as to how many bits they've donated. Which, in my opinion, is extremely disrespectful. And then he proceeds to call me mom AGAIN and bring up the member donating AGAIN.

16:45 fluffyhedgey: hiii doggu  
16:45 fluffyhedgey: DID YA MISS ME MOTHER  
16:45 fluffyhedgey: Cheer1000 do you miss me now?  
16:46 fluffyhedgey: Guess ill take my leave then  
16:46 fluffyhedgey: so sorry 🥺  
16:46 fluffyhedgey: money makes you appreciate me more obbs  
16:46 fluffyhedgey: well mommy do you like the bits?  
16:47 fluffyhedgey: holy shit wolf has given you 69 420 bits  
16:47 fluffyhedgey: what the fuck  
16:47 fluffyhedgey: doggu how much money do i need to donate to call you mommy?  
16:48 fluffyhedgey: its fine doggu  
16:48 fluffyhedgey: ily mum  
16:48 fluffyhedgey: mum who is your favorite mario party character  
16:57 fluffyhedgey: start a gofundme so wolf can donate doggu 10 mil bits

Screenshot 3: begging/asking for mod.

Hedgey asks if he needs to shrimp to be a mod, to which I say no, that mod applications are people I trust very dearly and are very close to me. Then, he proceeds to call out one of my mods, genuinely SHOCKED at how he became a mod in my channel without donating or subbing at all! He even has the audacity to call me out for parasocial relationships after saying "hell I consider you an amazing friend tho we barely even chat lol" ummm... 😬 excuse me.

18:35 fluffyhedgey: can i be a mod purely by shrimping or do i need some redeeming quality on top of pure devotion?  
18:35 fluffyhedgey: genuinely curious  
18:36 fluffyhedgey: KAZU YOUVE NEVER SHRIMPED?  
18:36 fluffyhedgey: can you confirm?  
18:36 fluffyhedgey: does that mean if you have shrimped you cant be a mod?  
18:36 fluffyhedgey: xD  
18:36 fluffyhedgey: awesome, ngl ive never cared for being a mod but i just enjoy being friends with streamers  
18:37 fluffyhedgey: hell i consider you an amazing friend even tho we barely chat lol  
18:37 fluffyhedgey: love how my autism just lets me get super attached to ppl so fast  
18:37 fluffyhedgey: like damn  
18:38 fluffyhedgey: i gift subs because i simply feel like i grow friendship with ppl by giving them my very limited money xD

Screenshot 4: Guilt tripping me for missing a message, and the rest is self explanatory.

17:00 fluffyhedgey: i forget that because of the size of doggu viewerbase she isnt going to be able to read every single message thats sent  
17:00 fluffyhedgey: my autism was like (she ignoring you coz she dont like you bro) like damn i overthink shit so bad xD  
17:00 fluffyhedgey: yeah  
17:01 fluffyhedgey: broo can i vent in the stream chat about a rly shitty thing that happened relating to a twitch dono i recieved?  
17:01 fluffyhedgey: guy donated me 100 bucks right? was hype asf, went to withdraw it, PAYPAL CLOSED MY ACCOUNT  
17:01 fluffyhedgey: LIKE WHAT  
17:01 fluffyhedgey: NOW I GOTTA WAIT 180 DAYS  
17:01 fluffyhedgey: to withdraw it  
17:01 fluffyhedgey: "security reasons"  
17:01 fluffyhedgey: apparantly  
17:02 fluffyhedgey: bro im a 21 yo neet not a fkin drug lord  
17:02 fluffyhedgey: well when i stream long enough streamlabs will let me do direct payments into my bank  
17:02 fluffyhedgey: also is there a way to setup cash app to pop a notif up on my stream?

Screenshot 5: asking for mod, AGAIN.

19:46 fluffyhedgey: when are doggu mod applications?  
19:46 fluffyhedgey: :3

Screenshot 6: bringing up donations and income AGAIN on my stream.

17:48 fluffyhedgey: honestly seeing your average stream donation rate ima say yes  
17:48 fluffyhedgey: youve got millions  
17:48 fluffyhedgey: miwwions of downwaws  
17:49 fluffyhedgey: doggu can i comission you to do me a stream overlay? i need one and im not sure who to ask for a comission  
17:49 fluffyhedgey: some ppl charging like 400 and i cant afford that  
17:49 fluffyhedgey: thats fine i dont need anything cool i need practical trust  
17:50 fluffyhedgey: just like what youve got but a little box in the bottom right for my png  
17:50 fluffyhedgey: if you have a rough price id love to discuss it with you after stream  
17:50 fluffyhedgey: @Anigakitty im guessing the potential pronunciation issues came after lol  
17:50 fluffyhedgey: but you can change it  
17:50 fluffyhedgey: twitch elts you change it every 30 days  
17:50 fluffyhedgey: right haru can i comission you then?  
17:50 fluffyhedgey: uwu  
17:51 fluffyhedgey: @Anigakitty you can defo change it id have a look into it, its not an issue for me but if you followed and i read it out id get tos'd on accident lol

Screenshot 7: This one even shows that I told him not to donate his money to me.

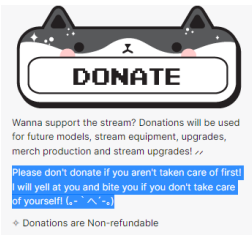

18:25 fluffyhedgey: anyways doggu i get payed in A WEEK LETS GOOO  
18:26 fluffyhedgey: so i can donate more money to you  
18:26 fluffyhedgey: LETS GOOOO  
18:26 fluffyhedgey: can i give a little bit? just a tiny bit  
18:26 fluffyhedgey: just a few gift subs  
18:26 fluffyhedgey: dw i dont plan to give you 5k bits and 30 gift subs a month  
18:26 fluffyhedgey: that was a 1 off coz i felt like i should thank you for being awesome  
18:26 fluffyhedgey: NONO DOGGU YOU MISTEAD IT  
18:26 fluffyhedgey: MISREAD IT  
18:27 fluffyhedgey: i said dw i WONT give you as much as igave this month  
18:27 fluffyhedgey: okay? if i win the lottery ill give you like 5 percent tho  
18:28 fluffyhedgey: Cheer1 yeah i said i WONT gift you as much as did this month, ill donate a lil bit but apart from my resub i wont do alot, i dont need to donate to feel wanted which is something i... well i didnt realize that earlier lol  
18:28 fluffyhedgey: but dw i dont regret donating at all  
18:28 fluffyhedgey: doggu is awesome, dw tho its just past experiences but ik you love us all

18:15 fluffyhedgey: i was recently scammed for 450 dollars from a vtuber so im trying to give to genuine streamers who wont scam  
18:15 fluffyhedgey: because they deserve it

Screenshot 8+9+10: Guilt tripping and asking my community members to donate to him.

18:38 fluffyhedgey: hey wolf can i have some money? ill give you the tip to get noticed by dog in discord  
18:39 fluffyhedgey: xD  
18:39 fluffyhedgey: yep  
18:39 fluffyhedgey: tbf that was the last of my money  
18:39 fluffyhedgey: im actually broke till next week now  
18:39 fluffyhedgey: coz that vtuber scam left me out of pocket  
18:39 fluffyhedgey: still disputing the 450 with paypal  
18:39 fluffyhedgey: had no luck though  
18:40 fluffyhedgey: took advantage of my autism so its a feelsbad  
18:40 fluffyhedgey: so i donated a small amount of 30 quid right, but i accidently typed an extra 0 and asked to refund this and reissue it, and they said yeah and sent me a link to the refund form, but it was actually a link that gave them access to all my stuff on paypal  
18:40 fluffyhedgey: they took my money then banned me  
18:40 fluffyhedgey: so i couldnt tell anyone  
18:40 fluffyhedgey: it was awful tbh  
18:41 fluffyhedgey: so i gave the last of my monz to you because you deserve it

18:46 fluffyhedgey: but yeah hey if anyone wants to help me pay rent until i get this paypal thing disputed then uh... i wont deny help xD, but donated it to dog first xD  
18:46 fluffyhedgey: she needs it more imo  
18:48 fluffyhedgey: so whats the best ways to make \$150 in 3 days

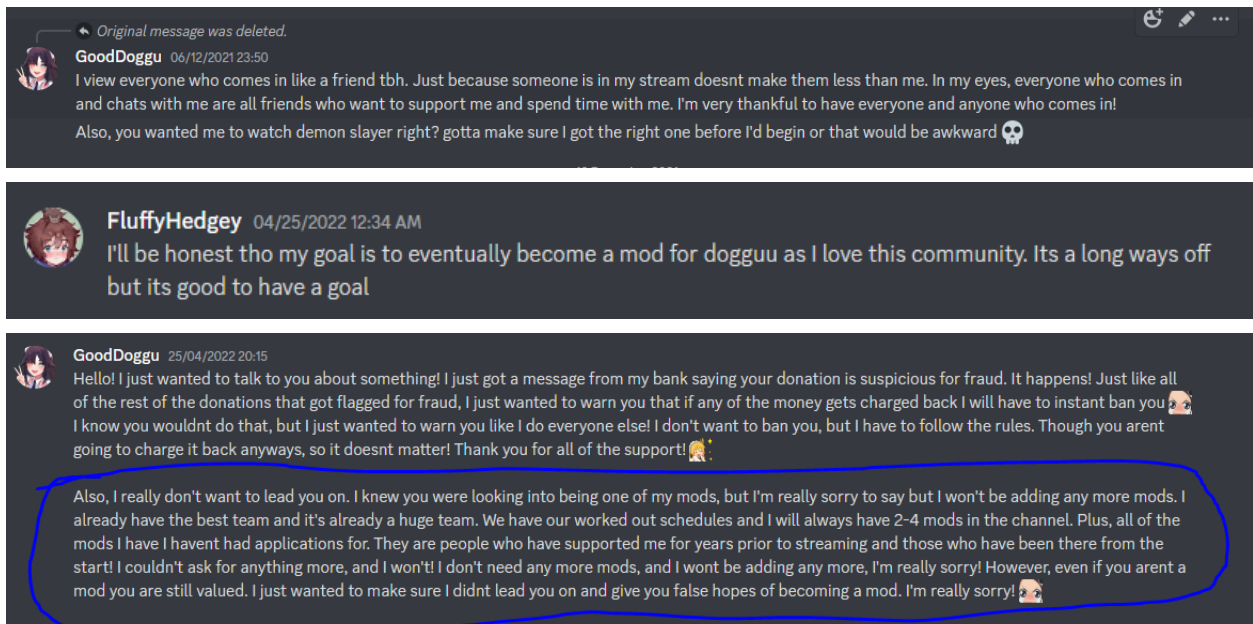

Guilt tripping me, even though in my Donation TOS it says,

And none of that even compares to what he said in my ACTUAL DMs. Which, funnily enough. He deleted every single one of his messages in my DMs. I have no idea why he would do that, since I'm the terrible monster that uses parasocial relationships to "farm" money out of my viewers. Shouldn't I be deleting MY DMs? The EVIDENCE???! Anyways here's an entire video showcasing all of our DMs of me just talking to myself because he just deleted them all minus the hateful message he sent me at the bottom.

[https://drive.google.com/file/d/1qInDqHhQXIAjQ\\_NEu80US2CWpXROhpVo/view?usp=sharing](https://drive.google.com/file/d/1qInDqHhQXIAjQ_NEu80US2CWpXROhpVo/view?usp=sharing)

20:14 fluffyhedgy: Cheer100 my last bits, enjoy then doggu and hey if i sort my life out somehow then ill pop in but idk how likely thats looking ahah  
20:15 fluffyhedgy: those were bits i already had dw  
20:15 fluffyhedgy: yesh dw  
20:15 fluffyhedgy: i literally have 0 in my bank account  
20:15 fluffyhedgy: so dw i cant waste it  
20:15 fluffyhedgy: xD  
20:16 fluffyhedgy: nah donos cost the streamer an amount  
20:16 fluffyhedgy: to refund  
20:16 fluffyhedgy: so its not worth it on her end  
20:16 fluffyhedgy: dont do it..  
20:16 fluffyhedgy: i only donod like the remaining money i had  
20:16 fluffyhedgy: trust me  
20:16 fluffyhedgy: its not worth it xD  
20:17 fluffyhedgy: my rent is 150 so that 5 isnt going to make a difference if i have it or not xD

And lastly, me telling Hedgy, VERY EARLY ON... my intentions!

## Pt. 1: Insulting Viewers behind their backs:

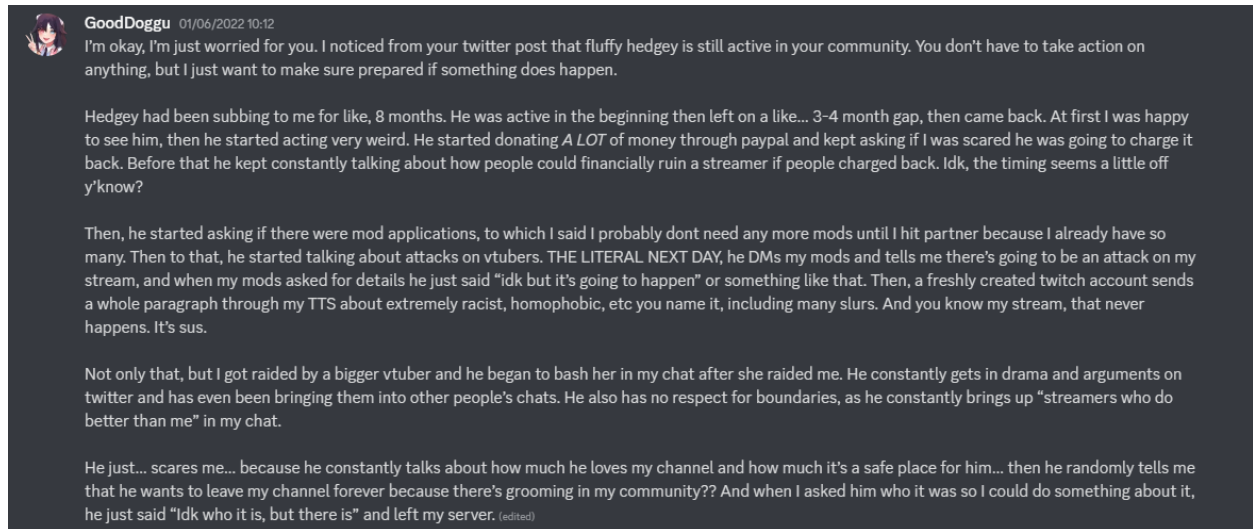

Insulting Viewers behind their backs: This happened in a vc with rylilili so i have no visual evidence however i was told by rylilili before we parted ways that doggu was "warning" her that i am a potential scammer, obsessed with causing drama, harassing people who raid her, and being disruptive. This information was what led to me even calling her out in the first place in her dms. I had some dms with lili talking about similar matters however i will attatch an image showing that lily has since deleted our entire dm history from when we met around the same time as i met doggu.

<https://cdn.discordapp.com/attachments/1034437577173893120/1069167791787229334/image.png>

She purged our entire dm history so i am unable to show anything which really fucks with the legitimacy of this.

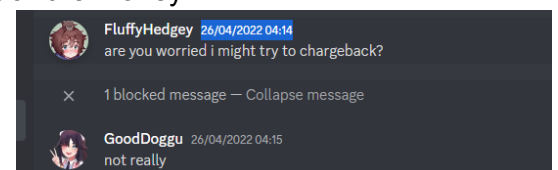

<https://cdn.discordapp.com/attachments/915443877341724732/1069126096030801990/image.png> She said this to me in dms however, but goes to lilys dms and says the opposite? 2 face much.

The “insult” behind Hedgeys back wasn’t even an insult, it was a warning. P.S. if you are a viewer who constantly shows red flags and does all of the things I showed you all in the screenshots earlier, STREAMERS DO COMMUNICATE!! We are friends, and if you disrespect one of my friends you will be banned from my chat, as well as vice versa. Anyways, here’s the warning.

Note how I said, “You don’t have to take action on anything, but I just want to make sure prepared if something does happen.” I never told her to villainize him, I never told her to take any actions, just that she knows what he’s doing to me and if it happens to her it won’t be completely unexpected. Basically what happened is Hedgey donated money to me and said something along the lines of “Isn’t it crazy how people donate big amounts to streamers and then charge back to financially ruin them” after proceeding to donate 50 dollars to my paypal as well as hundreds if not thousands of bits. And as any small streamer would freak out when receiving a big dono like this, I was scared he would charge back the money.

Regarding this screenshot he included, I did in fact try to give him the benefit of the doubt originally, but he kept DMing me over and over again asking if I was scared he was going to chargeback and why I shouldn’t be scared. I can’t show it because he deleted all of our DMs, but it was genuinely concerning. I was constantly receiving multiple DMs over the hour of him going on and on and on about charging back.

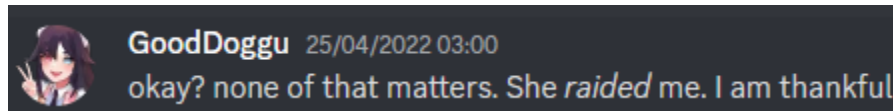

## Pt. 1: Supporting Art Theft:( The Sareui argument )

Supporting art theft: Now this one is a doozy, so remember the saruei drama from a while ago? where she hosted an art competition then stole loads of art and blocked loads of ppl (including me) over it? yeah well when saruei raided doggu i voiced my discomfort and this was doggus reply to me saying saruei is an art thief and should not be supported. <https://media.discordapp.net/attachments/915443877341724732/1069124896573100112/image.png> This was absolutely disgusting and insulting asf, especially as my partner is an artist herself and i know the effort artists go through.

Yeah this one is quite the doozy. 🙌🤡 he included this screenshot:

which is OBVIOUSLY the cutoff version of the entire message I sent lecturing him about his horrible etiquette, as when Saruei raided me he proceeded to bash her and all of her community members IN MY CHAT. I lectured him on stream and as you can see he apologized.

A screenshot of a Twitch chat log with a dark background and light blue text. The messages are timestamped and include a small blue icon of a person with a speech bubble. The messages are as follows:

18:37 fluffyhedgey: oh ghod not saruei  
18:37 fluffyhedgey: didnt saruei like show extremely toxic behaviour to her art competition to a point where she disrespected everyone  
18:39 doggu getting partner in 1 stream lawl  
18:42 fluffyhedgey: uber eats sux booty  
18:43 fluffyhedgey: @theeldencheese wasnt a very nice person but glad she is getting the views  
18:44 fluffyhedgey: SUPER IDOL  
18:44 fluffyhedgey: @theeldencheese its twitter drama but she treated her community like garbage durin an art competition and was very very awful to alot of ppl, not worth bringing up but yeah  
18:45 fluffyhedgey: i do lawl i was heavily invested in it @WeirdoThatGames  
18:45 fluffyhedgey: yeah it is what it is  
18:45 fluffyhedgey: you deserve it dw :3  
18:45 fluffyhedgey: doggu deserves partner every day all day  
18:47 fluffyhedgey: @theeldencheese yeah thats fair i just know someone personally who was very affected so im sour abt it, sorry either way  
18:49 fluffyhedgey: anyways doggu sorry abt being sour, just is what it is yk?l  
18:50 fluffyhedgey: i get ya, in this instance i did know everything but regardless i shouldnt have brought it up in stream, it wasnt relevant, so i apologise mother

As well as I lectured him off stream, because that behavior is absolutely appalling, which is where we get back into the subject of the “other things” I was referring to earlier.

GoodDoggu 24/04/2022 21:55

I'm really sorry, and I usually wouldnt bring it up but you ended up making me really uncomfortable during stream today. I'm thankful for the donations, don't spend too much lol, for real, but I really need to talk to you about some other things.

I would have just deleted what you said myself but my mod view wasnt working and my mods were frazzled from the big raid. However there are a few things you said during today's stream that ended up making me really uncomfortable.

First, please do not bring up other streamers during my stream. It's a rule in my rules and I'm sure you didn't mean to break it, however it made me extremely uncomfortable. I have no idea who this [redacted] person is, nor do I know anything about them so when you bring them up I genuinely had no idea what to say especially when you made the entire chat about them. I got really awkward and quiet and tried to change the subject as fast as possible, just please don't do it again. I understand you really like this streamer, but unless I specifically mention them please don't do it again. Thank you. And don't worry you're not the first person I've had to DM about this, so don't be too upset about it! Just please work on not doing it again or next time you will get timed out x.x

Secondly, I really don't like what you said about Saruei in my chat today. First of all, I'm extremely against drama and I usually stay away from interacting with it. Second of all, how would you feel if you were saruei and you raided a streamer only for their viewers to start trash talking you? It's not fair to saruei and personally I hate the toxicity and negativity, and it didnt need to be brought into my chat. I'm thankful that saruei raided me, she didn't even have to click on my stream let alone raid me. So any drama that she or anyone else who raids me in the future doesnt matter, at all. I feel really bad for her and I hope she didnt see what you said. She probably already has a thousand people breathing down her neck. The main point is, she raided me, and I'm thankful for the raid. That's it. She didnt hate raid me or anything, so she didnt deserve what you had said to her.

I can't control the drama you get into outside of my stream, but my stream is a place of positivity and fun. Please never bring drama into my stream again. okay? none of that matters. She *raided* me. I am thankful. She did NOT have to raid me. I didnt even know who she was and to be honest it doesnt matter. *she* out of her kindness *raided me* and I'm thankful for it. None of her past matters, it's MY stream. Her viewers are here to see me now what did you want me to do? turn my entire stream against her for raiding me?

then respectfully, there's no point in saying what you had said. If you had messaged me about it in dms I would have just said thank you for the warning. I appreciate that you're looking out for me, just dont be mean to others in the process okay?

I will forgive you of course, however no matter the circumstance, treat others with kindness okay? You never know what's going on through someone's head or their reasoning for doing things.

I say this so you can also have an amazing streaming experience like I am lucky to have

I want you to be happy and loved when you begin your streaming as well

don't let the drama overtake you

Here is the full message I sent, uncropped 😊 Saruei, I am so sorry and I am so genuinely embarrassed by this entire spiel. I also cropped out the streamers name I mentioned because they don't need to be brought into this. You can't see him apologizing to this because he deleted all of our DMs, but he did apologize at the time. And he has the audacity to call me two faced.

## Pt. 1: Taking Donations for false use:

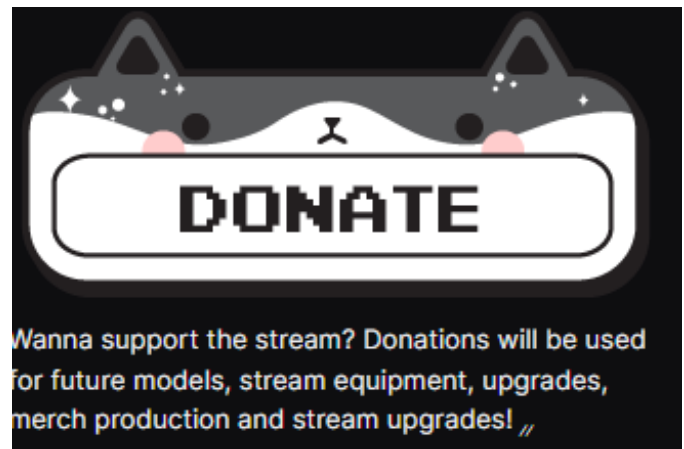

Taking donos for false use: So this is the final thing i will call her out on today. So she had a massive dono goal to fund her models rigging, she hit the goal, then rigged the model herself and kept the money to line her own pockets, hence why her new models rigging is appalling.  
<https://media.discordapp.net/attachments/1034437577173893120/1069169216651014154/image.png?width=857&height=676> This image shows her model was rigged by her (just check her twitch youll see it)  
<https://cdn.discordapp.com/attachments/1034437577173893120/1069170490322727002/image.png> also her saying donations go towards improving the stream but the amount of money she gets is not reflected, unfortunately i do not have access to a vod. I had proof of convo with ryulili however she has deleted ALL her dms so its impossible for that. I will be contacting other people however for a long time she was raising funds for her new models rigging, but did it herself anyways so where did all that money go? thats the issue.

Okay honestly this one is pretty funny, sadly enough. First of all, I never had a donation goal to fund the model's rigging. From those who can remember, I had a donation goal to help fund the ENTIRE debut, and the reward was doing "step up: endurance stream challenges!" where every time a goal was reached, the next stream would be even longer than the usual time. To which, I did almost every single one! 4 hour stream, 5 hour stream, 6 hour stream, 7 hour stream, and even an 8 hour stream! We beat sans undertale with a kazoo and I even ended up going on for like 9 hours just because I wanted to beat him. I did EVERY, SINGLE, CHALLENGE. However, there was one goal incentive that I was genuinely upset about, and I've already apologized to my community about it. Basically, back when I was just starting out, I didnt have any incentives for my donations. I felt bad for not giving my viewers anything worthwhile for their donations, a self confidence problem I addressed earlier in this document, so I said that every 10 dollars that was donated (and it can stack) they could pick a song for me to sing in my debut. However, I did NOT expect the growth I received, and I ended up getting over 50-70 songs in the queue. In the end, this is entirely my fault, as I should have put a limit on it. But I was barely averaging 20 viewers at the time, and I honestly wasnt expecting to get what I got. Feeling extremely overwhelmed by not only this but the entire debut as well as rigging my own model, I apologized to my community and scrapped the idea. If you're a vtuber reading this, you know debuts are extremely stressful. I did sing ONE song, and I know it'll never be enough, but at the time it was my very best, and I'm proud of myself. Regarding the rigging, you can hate me all you want but my rigging is amazing, especially because it was my VERY FIRST RIG. HOWEVER, I never once stated that the goal was specifically for my model's rigging. And the "evidence" he gave... first of all, the first "evidence" link doesn't work. 😊 The second link is an image of my donations panel where I said NOTHING about it going specifically to the rigging.

Here is the image link that he used in his twitlonger:  
He also claims that I "lined" my pockets with the

money I asked for for the rigging. Ummm, no. I spent it ALL on the debut. Debuts are NOT cheap, as many vtubers are well aware. I got a custom background, a live2d model, new animated emotes and regular emotes, bit and sub badges, bit emotes, art, and a custom 3d model of my stream mascot, chonk, to be thrown at my face! And sorry, CUSTOM 3D MODELS ARE NOT CHEAP. Not to mention, twitch takes half of all my subs as well as I have to pay taxes during the year.

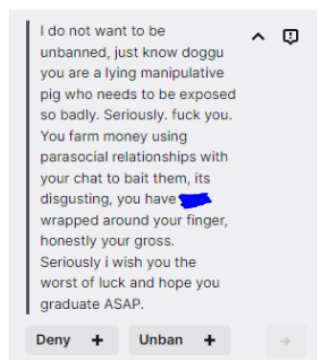

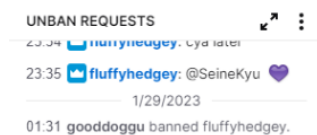

The only reason I was able to completely even afford this debut was because I had a job at the time as well as support that I am extremely lucky to receive from my community. I have skipped out on meals (for those of my community members reading this I'm sorry TwT), I've been wearing the same clothes for years, and my bank account has enough money to survive on.. EVERY. SINGLE. PENNY. GOES. TO. MY. STREAM. But that shouldn't even matter! Who are you to dictate what I spend my money on when you are clearly so ignorant to everything I do. You BARELY come to my stream! This genuinely makes me upset, because of those self esteem problems where I feel like I'm robbing my community. I've since tried SO. HARD. to get rid of these negative feelings and I've grown so much over these past two years, it's honestly hard to recognize me compared to who I used to be before streaming. But that's irrelevant.

## Pt.1: Whatever this is:

TL:DR Doggu is a lying manipulative person who is two faced and farms parasocial interactions for easy donations to line her own pockets, despite having a lower viewercount than you might expect she is in the top 0.7 percent of earners on twitch thru donations, subs and bits. Its crazy that the stats just speak for themselves. <https://twitchtracker.com/gooddoggu>

Can I just say it's adorable how obsessed you are with my stream stats despite never coming to my streams, and how in previous screenshots all you did when you DID come was bring up my viewer count, donation count, and talk about me getting Twitch Partner. I also got this really adorable unban request SECONDS after I banned him!

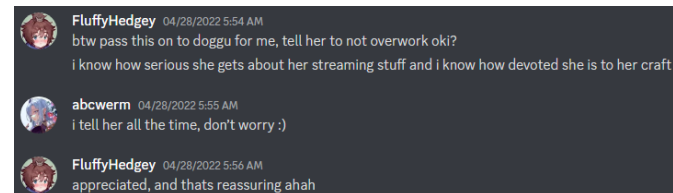

Even if you have a problem with me, this is NOT how to address it. You're taking me all the way back PAST HIGH SCHOOL to middle school days. You are acting like a child who dropped their ice cream. He also had parasocial dms with my mods, asking to be mod and be close to us but i can't show those because he deleted them as well. I have a few he sent to Werm, but he completely deleted the extremely parasocial ones with Sei.

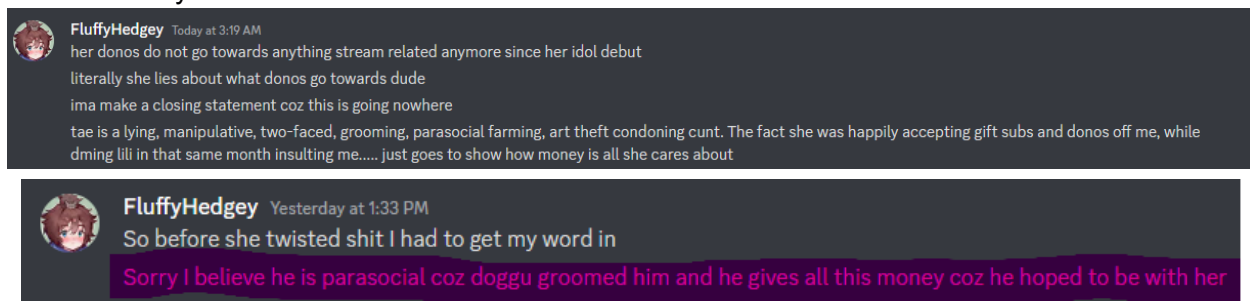

Screenshot 1: calling werm mother/father.

Screenshot 2: Dming my mod team to get through to me because I wasn't responding to him.

Screenshot 3: He is changing his argument now with one of my other mods, Dragonia, now saying I am apparently grooming one of my viewers WHO IS WELL OVER THE AGE OF 18, and we barely even talk outside of streams.

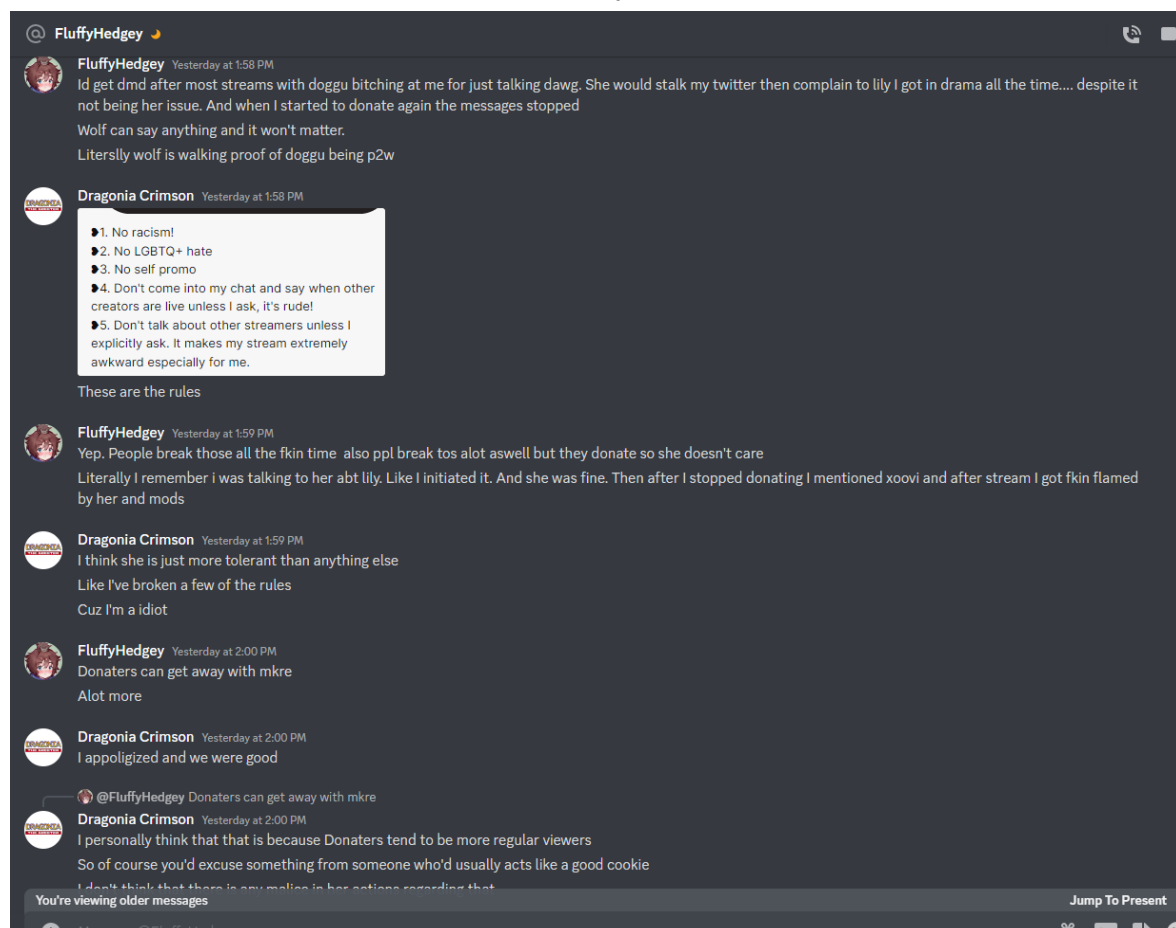

#### Screenshot 4:

Admitting to having a cliented/hacked discord and peering into my mod chat, private channels in my discord, even though this is against TOS, as well as stalking me and my mod team.

Screenshot 5: This one is actually quite funny because the only person constantly breaking my TOS was him, constantly talking about other streamers when I was live which I stated above in this document. What TOS are people even breaking?? Also I dont stalk his twitter, constantly show up in my feed because of all the negativity he spreads, to the point where I even unfollowed him from twitter. Anyone who knows me knows that I barely use twitter and if it was SO bad that I had to remove him, then that can only speak volumes about it.

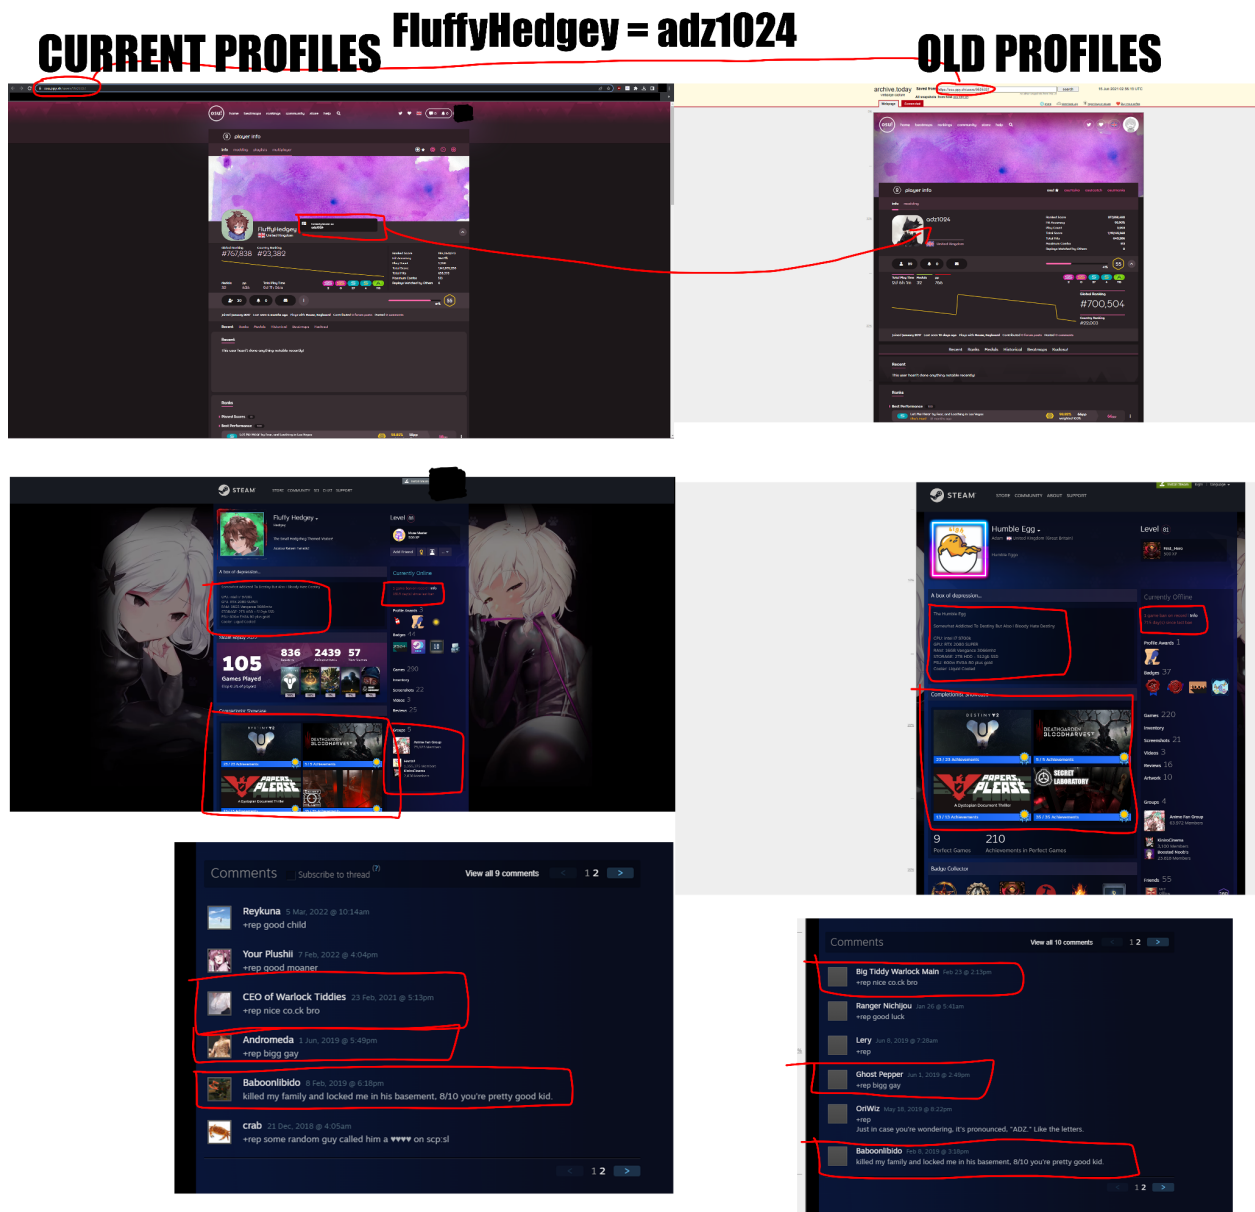

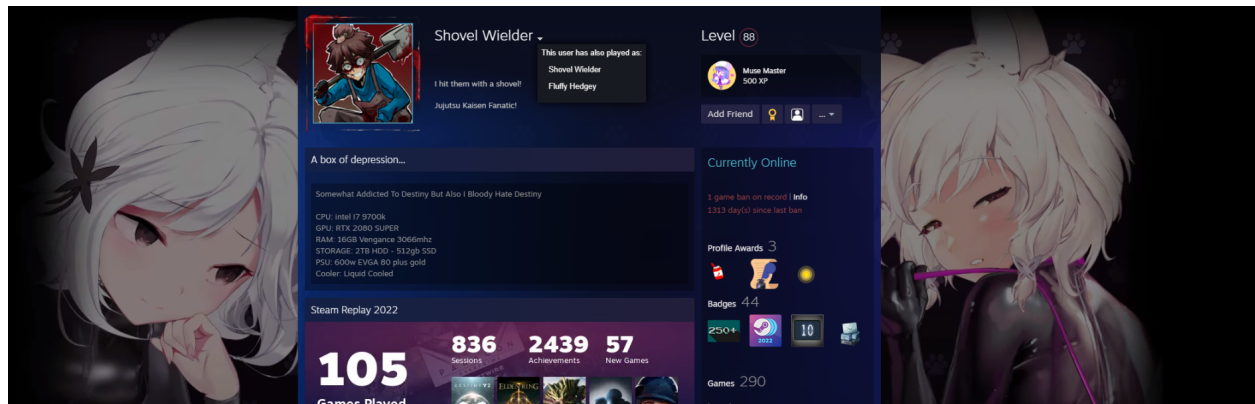

## Pt. 2: I am NOT the first

After I got blocked on twitter, Kaori informed me that Hedgegy made a twitlonger about me and that I shouldn't read it. ( Thank you for looking out for me Kaori ♡ ) So I searched up @FluffyHedgegy in my google to try to see if I could view it that way. However, it ended up linking a few things from the search. His steam, his twitter (I was blocked lol) and his osu! account. Seeing as I am an avid fan of osu, I clicked on his Osu! page to see if he was a higher rank than me. ( TLDR: he was not ) But upon seeing his profile, I noticed he had a past alias called. "adz1024" even curiouser, I looked up his past alias and found something extremely disturbing. Here's the information confirming that Hedgegy is adz1024, along with a link to the high quality google drive link you can use to zoom in and stuff.

[https://drive.google.com/file/d/18a1I6CE64Me-qM7\\_qtijzEaRnw7bOPrh/view?usp=sharing](https://drive.google.com/file/d/18a1I6CE64Me-qM7_qtijzEaRnw7bOPrh/view?usp=sharing)

He has since changed his alias to Shovel Wielder? Screenshot with proof:

But him being an Osu! Player isnt close to as bad as anything I am about to show you. (sorry osu players I love youuuu)

It's... a LONG read. So I'll give a quick TLDR:

Hedgey used to go by an alias called AzzyNemu, and has scammed thousands of dollars from people pretending to be a brain cancer patient as well as laughed in the face of those who he scammed, calling them idiots for donating money.

This person by the username of @AzyNemu has been going around asking people since at least august of last year to share his tweets begging for money over different situations, he said he was raped by members of the LGBT community, another time he said he almost died of corona, another time he needed surgery because of a brain tumor, another time he was getting evicted by his evil landlord.. and so on. But as you can see by the title and thumbnail of this thread, it was all bullshit.

Besides from the pity e-begging tweets he would go around asking popular users to share said tweets, including myself and @FireSisterBee . I even got angry dms from his friends/followers(maybe alt accounts) calling me a piece of shit for refusing to retweet them.

This Tweet is hidden because it's from someone you don't follow.

this guy asked me like 20 times to share his e-begging tweets last year

<https://twitter.com/AzyNemu/status/1362949634243637251>

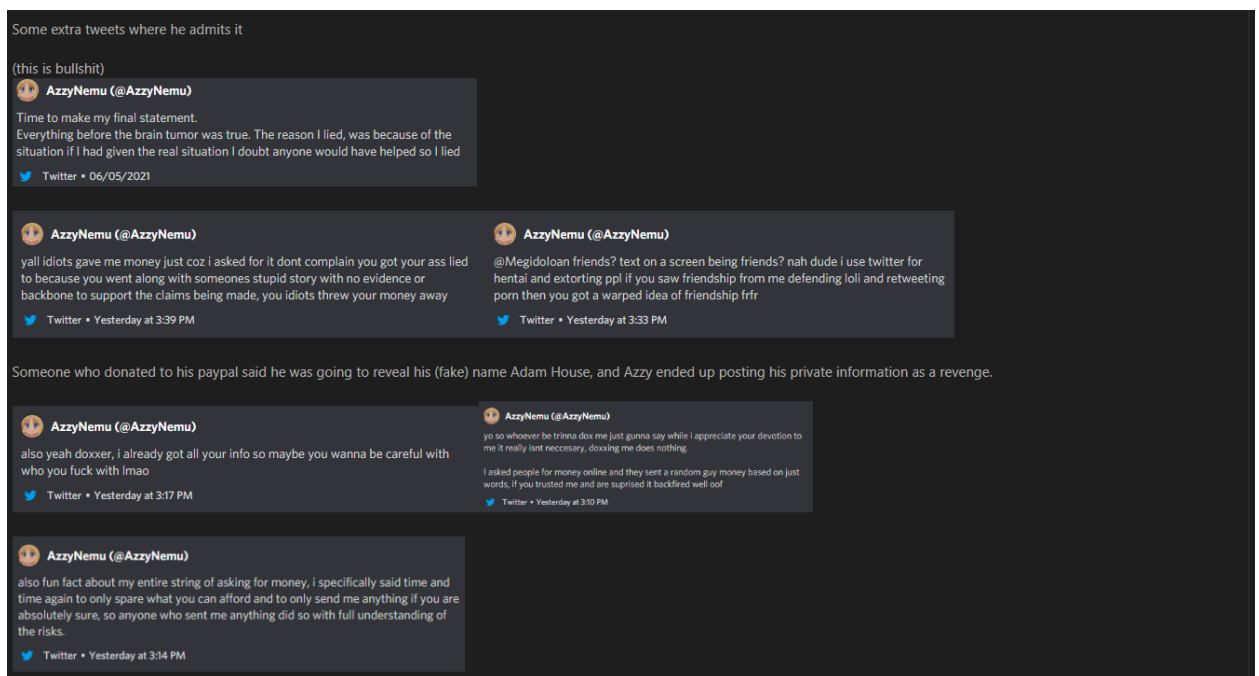

1. He scammed SO many people. 13 THOUSAND dollars, which really adds up with every single pity message he has sent me about charging back. He pretended to be a brain cancer patient by taking a picture FROM A YOUTUBE VIDEO and begged for donations online

## 2. Did the same with a stock photo cat

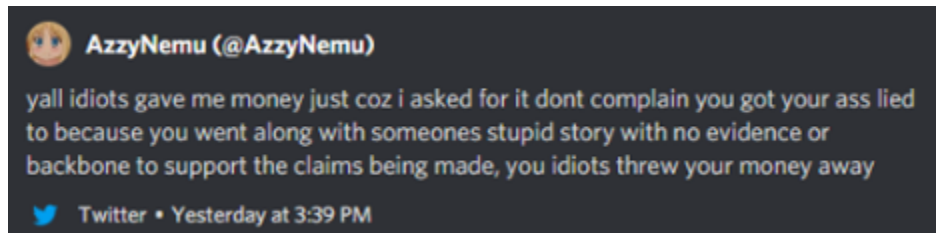

## 3. He even admits it here.

## 4. There's honestly a lot more. If this TLDR wasn't enough for you, I highly recommend clicking the link and viewing it yourself.

If you're Hedgey and you're reading this, just know that I am extremely disappointed. Though I'm sure you don't care, given that when you scammed all of those people out of their money you laughed at them and called them idiots for falling for it. (screenshot below) You KNOW what you're doing is wrong. One, that you blocked me and didn't give me a single chance to respond

to you. Which clearly shows that you only wanted to bring harm and not change and not only that, you're not willing to hear me out at all or talk. And that if you were feeling these things at all, you could have come and talked to me at any time, my DMs were always open. But instead, you went straight into trying to "cancel" me. And two, that you constantly tried forcing me and my mod team into parasocial relationships, despite me constantly rejecting what you said and even saying that it made me uncomfortable. I honestly thought about this a lot, and I will continue vtubing in spite of you. I will continue to rise up and thrive despite people like you who constantly drag others down. Please leave me, my community and my friends alone. I'm also extremely sorry that you're jealous of me because I can receive donations from people who genuinely love and support my channel. Meanwhile you have to lie, thief, and con everyone who walks down your path. You **DISGUST** me.

If you read this far, thank you so much for your time. I know drama sucks, and I hate to bring it into the community, but I won't let him blackmail and silence me or my mod team.
